

**AD HOC WORKING GROUPS
MEMBERSHIP INTEREST FORM**

“The Members are the backbone of any successful Network.”

Members' participation enhances cooperation, strengthens coordination, and enables system improvement. The HNHB HPC Network offers several opportunities for membership involvement and input. The Network's four principle functions are Service Delivery, Education, Research/Evaluation and Advocacy/Communication. As required, time-limited project working groups are established within these functional areas to assist in completing the work of the Advisory Committee and to fulfill the priorities of the Network. We are always seeking interested members to join Ad Hoc committees. If you are interested we would like to hear from you.

Please circle: Dr. Mr. Mrs. Miss. Ms. Rev. _____	First Name		Last Name
