

Selected Journal Titles for the SHRTN Library Service - Ottawa Electronic Table of Contents Service

This is more focussed current awareness service than the Recommended Reading List. The Reading list will be replaced by Topical reading lists and targeted alerts. The e-Table of Contents Service is for selected on-line journals that only the Bruyère Continuing Care Library has.

Step 1: Review the list of electronic journals currently available and select only the ones you're really interested in. You may not want up to 60 alerts in your mailbox each month. 5- 10 selections would be manageable.

Step 2: Fill out your full contact information and FAX or email me your selections (**see form below**)

Step 3: You will be emailed the link to the journal's publishing website or a copy of the Journal Table of Contents.

Step 4: Simply review the journal Table of Contents and copy/paste any citations for the articles you wish to see into an email and send to: nroberts@bruyere.org

Step 5: I will send you the article, most of the time by mail, due to the Copyright law restrictions on many journal titles. This service is **FREE** to all clients registered on my local distribution list

Not on the list but would like this service? Please register for the SHRTN Library Service at www.tinyurl.com/SHRTN.

***Anytime you wish to stop receiving the Table of Contents from a particular journal or want to be removed from the service, please inform Nancy Roberts at: nroberts@bruyere.org.**

To set up the service, please provide me with your contact information:
